Chrysler, Ford and General Motors Applaud Passage of US-Peru Free Trade Agreement

WASHINGTON — The Automotive Trade Policy Council (ATPC) and its member companies — Chrysler LLC, Ford Motor Company, and General Motors Corporation — congratulate the United States Senate on successful passage today of the U.S.-Peru Free Trade Agreement.

“We support the Senate’s passage of the Peru Free Trade Agreement and look forward to the President signing it in the near future,” said Stephen J. Collins, ATPC President. “This Free Trade Agreement offers the U.S. and the auto industry access to another market.”

“We look forward to securing open access to the Peru market as Peru will have in the U.S. market. We expect this Free Trade Agreement’s implementation will stimulate local market vehicle sales there, both by contributing to improved economic growth and by increasing the attractiveness of U.S.-sourced vehicles.”
